

FRIGHTFULLY FUN

GET INTO THE HALLOWEEN SPIRIT WITH HAUNTS FOR INDOORS AND OUT

LEFT: *Gnarled Spooky Pathway Trees, Grandin Road, starting at \$69*

RIGHT: *Staked ghosts from Grandin Road, \$49 for a set of three*

BELOW RIGHT: *Faux crows, \$3.50 each, Pottery Barn*

Whether you're planning a fanciful costume soiree or handing out treats to young ghosts and goblins, you'll find Halloween decorations and accessories that add a thrill — and even a good-humored chill — to the holiday.

Give visitors ticklish goose bumps with a creatively creepy welcome. Eerie lights glowing from twisted trees, flowing spirits seeming to dance across your lawn, flickering gourd pumpkins and even a bat-flight doormat start the festivities outside.

Inside, spread the delightfully devious drama about with tabletop accents like faux crows perched atop pumpkins and orange and black napkins wrapped in a spider web print — all destined to scare up compliments from your guests.

And leave the little ones special treats for their year-round tricks, packaged in keepsake stockings as promises for more frightfully fun seasons to come.
